

Sons of the American Revolution

~Be the living legacy of your patriot ancestor~

*The mission of the Utah SAR is to uphold
To perpetuate the memory of those who
American Revolution, achieved the
American*

*the values of true patriotism and liberty.
by their services or sacrifices during the
independence and freedom of the
People*

We make our appeal to every man or boy who loves his country and traces his lineage through a patriot of the American Revolution (*Women may contact the Daughters of the American Revolution at www.DAR.org*). We invite you to trace your roots of liberty and connect with your patriot ancestors. Let their legacy be your legacy, and the heritage of your posterity. Consider the magnificent gift bequeathed to the descendents of the American Revolution; our founding fathers sacrificed much for their children's future. Think on the words of John Adams, "Well, posterity, you will never know what it cost us to preserve your freedom. I only hope that you will make a good use of it."

We invite you to become a Son of the American Revolution, and join with us in preserving America's hard-won freedom for yourself and your posterity. Find your patriot ancestors; remember who they are and what they did. Making this bond can strengthen your resolve to walk in their footsteps, perpetuating with dignity and fortitude the values and principles upon which our country was founded.

Do you have a patriot ancestor who sacrificed for liberty and freedom? We invite you to let us work with you in researching your lineage to discover whether you have a qualifying American Revolution patriot. If a connection is made, you are invited to consider membership and join us in our noble quest to preserve America's heritage of liberty. If a qualifying ancestor cannot be found, we invite you to apply for Associate.

REQUEST FOR CURSORY PATRIOT SEARCH

For more information concerning our society and membership, please complete this form:

- I would like to learn more about the Utah Society Sons of the American Revolution
- I would like to know if I have a qualifying patriot ancestor

I am 18 years of age or older. Here is my email address and phone number. By providing this information, I understand that I will be contacted and/or sent a request for information to assist a Utah SAR genealogist in researching my lineage. *(If you are not 18 years of age, you will need to obtain your parents' or guardians' permission.)*

REVOLUTIONARY WAR – PATRIOT SEARCH REQUISITES

1. For as many **paternal and maternal** generations of your **deceased parents/ grandparents** as you can, back to the possible patriots, provide us with the following:
 - A. Their full names.
 - B. Date of birth and place of birth of each.
 - C. Date of death and place of death of each.
 - D. Date and place of marriage of each.

If you do not know all of this information, just supply whatever you do know, even if you only have a first or last name and nothing more. Need help? Please contact us.

IMPORTANT: LIVING PERSON’S INFORMATION NOT NEEDED FOR CURSORY SEARCH

2. Members of our organization, Utah Society Sons of the American Revolution (Utah SAR), will do a cursory search on the family lineages of the names you provide to see if your ancestors include a Revolutionary War Patriot. These searches will not be in-depth and may not necessarily locate a patriot, even though one may exist in your ancestry. We search only public information sources.
3. If a probable patriot is found in your lineage, notification of such a possibility will be sent by Email or United States Postal Service at the address you provided. Please remember that this cursory search and subsequent notification does not constitute proof of your ancestral lineage to a recognized patriot of the American Revolution.

There is no charge or obligation to you or to the Utah SAR for conducting a cursory search, or for our providing you with a potential patriot name. By providing this information, there is no commitment on your part to join the Utah SAR; however, if you have an interest in joining, a representative may ask to meet with you to explain the procedures, costs, and membership requirements.
