STAN ELLSWORTH

Author and TV Star

History teachers come in all shapes and sizes. Stan Ellsworth's form just happens to be bigger, and more charismatic than most. The brawny intellectual is the author of the new book *Renegades & Rebels: Epic & True Stories of our Revolutionary Heroes* (can be purchased at www.Amazon.com, or at the dinner). He is also the host of KBYU's *American Ride*, a television series that highlights the best stories you may have missed in high school history classes. Stan is a former college football coach and high school history teacher, whose handful of film stints led him to focus on three things he loves: motorcycles, talking, and writing about America's past. Stan helps his fellow Americans to understand why America is the greatest nation on Earth, and why we are the way we are. "Not your high school history class". Stan Ellsworth takes his viewers and readers to where American History happened. They're not just the physical locations but, with his ability to bring early American history to life with stories and reasons, they're why they happened.... not just the cold facts.
